Demonstration of activities was given by resource persons as an aid to teaching. Students actively took part in the activity sessions. The resource persons gave verbal feedback pointing out the strong as well as weak points of the candidates immediately after the activity. The students were evaluated and their activities were analyzed by the trainers keeping in mind the different criteria. Assignments were also given and evaluated.

All the resource persons motivated the participants to acquire and develop the necessary skills.

The Public Speaking session had an activity called, 'Image Starter' where the students gave a speech on different images displayed. Spoken English session activities consisted of an English speaking fluency game 'Just a Minute' and Role Playing, 'Conversations in a Market Place'. If we could get more resources that were used during the ~~prog~~ course program later then it'd be easier for us to take notes and reflect.
I hope we can get some more hard copy of information as well as webinars, videos, ppt etc that could help us later on as well.
Overall the course was very helpful and amazingly co-ordinated, it would be very beneficial for us.
