## **CONTENTS**

- 1. ACKNOWLEDGEMENT**
- 2. INTRODUCTION**
- 3. RESULTS**
- 4. DISCUSSION**
- 5. WORK TO BE DONE**

## **ACKNOWLEDGEMENT**

The feedback committee is grateful to respected Principal Dr. Khanindra Kumar Sarma for his valuable suggestions and guidance throughout the process.

The committee is thankful to Mr. Sanjib Baglari, Coordinator, IQAC, for his kind help in online processes.

## INTRODUCTION

In every year in Birjhora Mahavidyalaya, the collection of student's feedback is a regular practice. Through feedback it is possible to measure the quality of the institution. The outgoing students penned down their comments by online mode. They offered some suggestions for improvement of the institute. Students also expressed their love and affection towards the college in feedback comments.

Birjhora Mahavidyalaya has been striving to improve teaching-learning process and other facilities since its inception. Through feedback only it is possible to ascertain the quality of all aspects. The practice involves a questionnaire given to students which covers a range of questions reflecting their academic and co-curricular experience.

The feedback is then analysed carefully and actions to be taken are detected to formulate better decisions to improve the all round teaching and learning process in the college.

## **METHODOLOGY**

To get the feedback from students, online process was adopted this year. The students filled in the questionnaire form online. Then collected data were analysed.

## DISCUSSION

As per request of the authority most of the out going 6<sup>th</sup> semester students responded to online feedback. They freely and sincerely replied to the questions given to them.

On syllabus completion, most of the students answered that 85-100% syllabus was covered during the session.

Maximum students commented that teacher satisfactorily prepared for the class.

63.1% students commented that teachers able to communicate with their students.

About teachers approach, students comment is excellent.

In relation to fairness of Internal Evaluation Process, maximum students (65.5%) replied that it was always effective.

Regarding performance of assignment discussion, students mentioned that Every time assignment was discussed.

Towards interest of the Institute on promoting Internship, student exchange, field visit opportunities, students answered that the Institute sometimes took interest on promoting all these criteria.

About teaching and mentoring process in the college, students response is very well.

Regarding multiple opportunities provided by the institute, students agreed to the remark.

Maximum students commented that teachers every time informed them about expected competencies, course outcome and programme outcomes.

Maximum students answered mentor everytime did follow up with assigned task to them.

Most of the students mentioned that teachers illustrate the concept through examples and application.

Maximum number of Students commented that, teachers pointed the strengths on them and encouraged them fully to accept challenges.

Maximum students commented that teachers were able to identify weaknesses in them and helped to overcome it.

Regarding Institute's effort to engage students on monitoring, review and continuous quality improvement, most of students agreed to the remark.

In relation to the query the institute/teachers use student centric methods such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences, most of the students replied as to a great extend.

Most of the students strongly agreed that teachers encouraged them to participate in extra curricular activities.

About efforts made by the institute/teachers to inculcate soft skills, life skills, employability skills, maximum students commented as to a great extend.

Maximum students mentioned that above 90% teachers use ICT tools, LCD projector, multi media while teaching.

Regarding overall teaching learning process in the college is very good, maximum students strongly agreed to the remark.

About materials and facilities of library, maximum students comment was adequate.

All the students gave some significant comment and suggestions to improve the quality of the college. The remarks and ideas given by the students were discussed in the feedback committee meeting and IQAC meeting and sort out some important actions to be taken.

### **ACTION TO BE TAKEN**

1. Teachers need to be upgraded.
2. Football Playground is in demand. So authority must think to solve the problem.
3. Laboratory facility must be enhanced.
4. Personality development course needs to be introduced.
5. Smart class room must be installed.
6. Student exchange programme and internship should be planned.
7. More teaching staff should appoint in every department.

## Questions Section

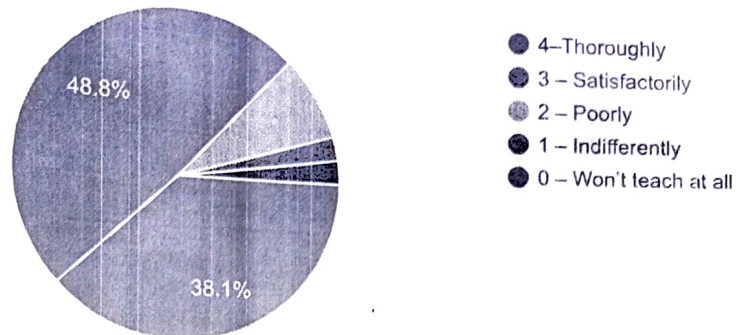

1.How much of the syllabus was covered in the class (both offline/online)?

84 responses

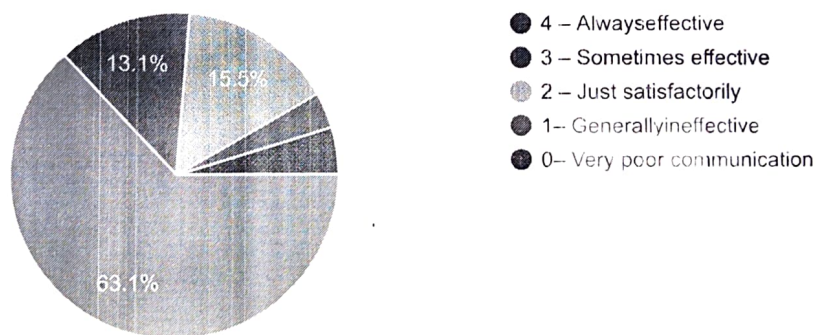

- 4 - 85 to 100%
- 3 - 70 to 84%
- 2 - 55 to 69%
- 1 - 30 to 54%
- 0 - Below 30%

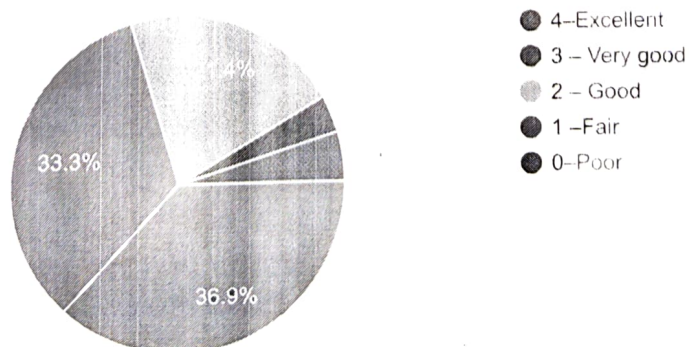

2. How well did the teachers prepare for the classes?  
84 responses

3. How well were the teachers able to communicate?  
84 responses

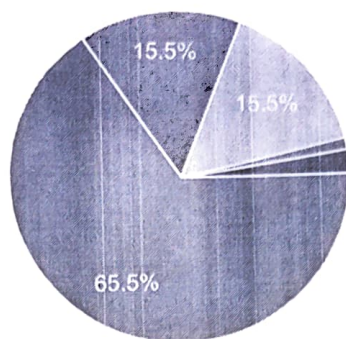

4. The teacher's approach to teaching can best be described as  
84 responses

### 5. Fairness of the internal evaluation process by the teachers

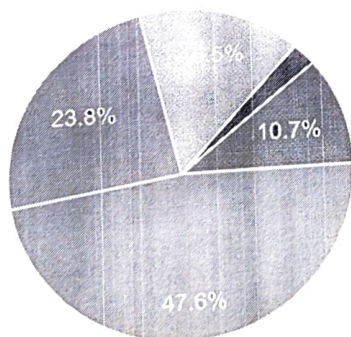

84 responses

- 4 – Always fair
- 3 – Usually fair
- 2 – Sometimes unfair
- 1 – Usually unfair
- 0 – Unfair

### 6. Was your performance in assignments discussed with you?

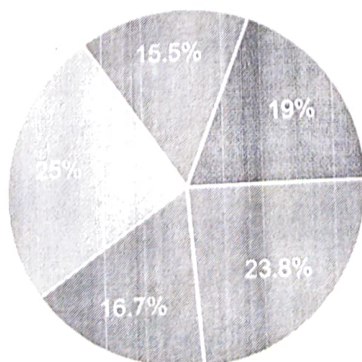

84 responses

- 4 – Everytime
- 3 – Usually
- 2 – Occasionally/Sometimes
- 1 – Rarely
- 0 – Never

### 7. The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

84 responses

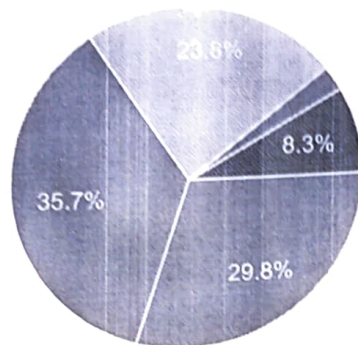

- 4 – Regularly
- 3 – Often
- 2 – Sometimes
- 1 – Rarely
- 0 – Never

8. The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.

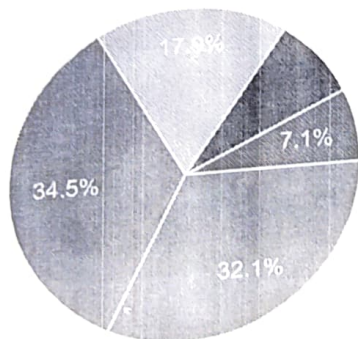

84 responses

- 4 – Significantly
- 3 – Very well
- 2 – Moderately
- 1 – Maginally
- 0 – Not at all

9. The institution provides multiple opportunities to learn and grow

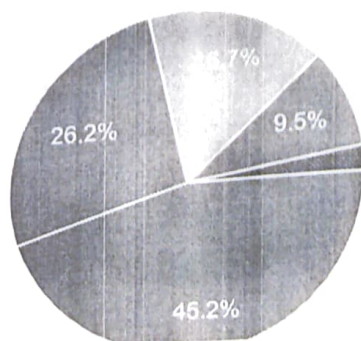

84 responses

- 4 – Strongly agree
- 3 – Agree
- 2 – Neutral
- 1 – Disagree
- 0 – Strongly disagree

10. Teachers inform you about your expected competencies, course outcomes and programmed outcomes.

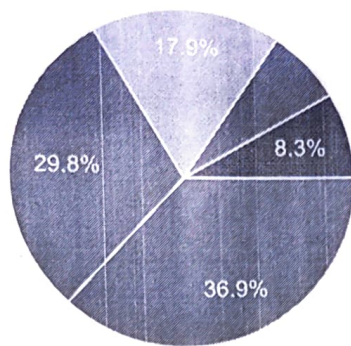

84 responses

- 4 – Every time
- 3 – Usually
- 2 – Occasionally/Sometimes
- 1 – Rarely
- 0 – Never

11. Your mentor does a necessary follow-up with an assigned task to you

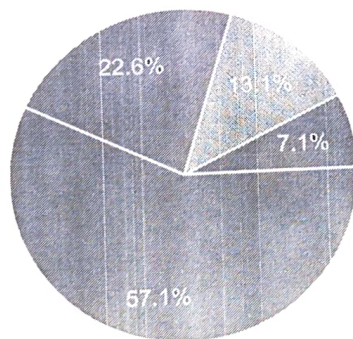

84 responses

- 4 – Everytime
- 3 – Usually
- 2 – Occasionally/Sometimes
- 1 – Rarely
- 0 – I don't have a mentor

12. The teachers illustrate the concepts through examples and applications

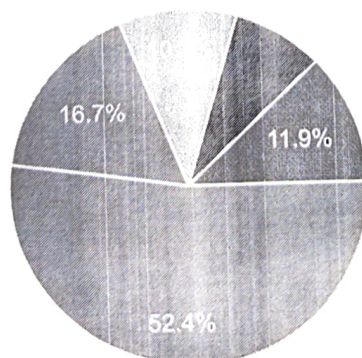

84 responses

- 4 – Everytime
- 3 – Usually
- 2 – Occasionally/Sometimes
- 1 – Rarely
- 0 – Never

13. The teachers identify your strengths and encourage you with providing right level of challenges.

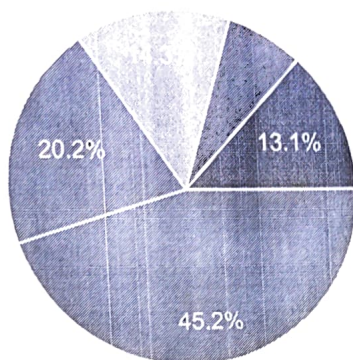

84 responses

- 4 – Fully
- 3 – Reasonably
- 2 – Partially
- 1 – Slightly
- 0 – Unable to

14. Teachers are able to identify your weaknesses and help you to overcome them.

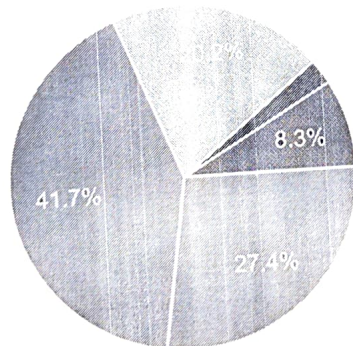

84 responses

- 4 - Everytime
- 3 - Usually
- 2 - Occasionally/Sometimes
- 1 - Rarely
- 0 - Never

15. The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

84 responses

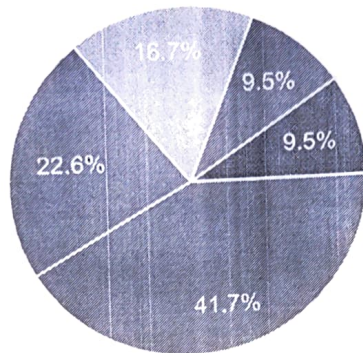

- 4 - Strongly agree
- 3 - Agree
- 2 - Neutral
- 1 - Disagree
- 0 - Strongly disagree

16. The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

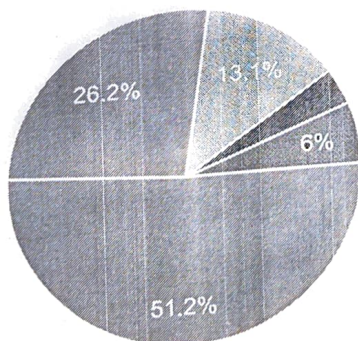

84 responses

- 4 – To a great extent
- 3 – Moderate
- 2 – Some
- 1 – Very little
- 0 – Not at all

17. Teachers encourage you to participate in extracurricular activities.

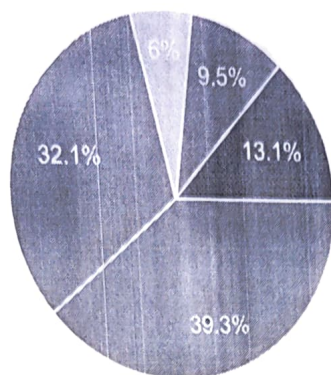

84 responses

- 4 – Strongly agree
- 3 – Agree
- 2 – Neutral
- 1 – Disagree
- 0 – Strongly disagree

18. Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.

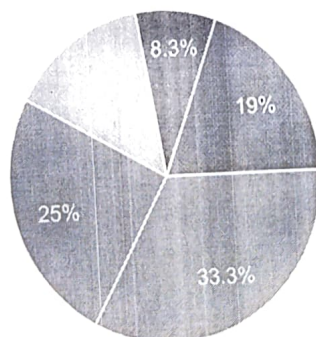

84 responses

- 4 – To a great extent
- 3 – Moderate
- 2 – Some what
- 1 – Very little
- 0 – Not at all

19. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

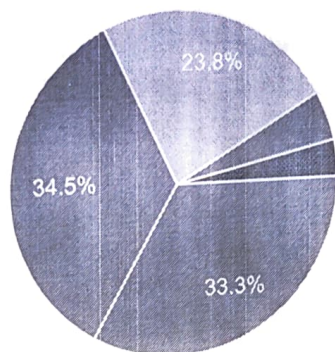

84 responses

- 4 – Above 90%
- 3 – 70 – 89%
- 2 – 50 – 69%
- 1 – 30 – 49%
- 0 – Below 29%

20. The overall quality of teaching-learning process in your institute is very good.

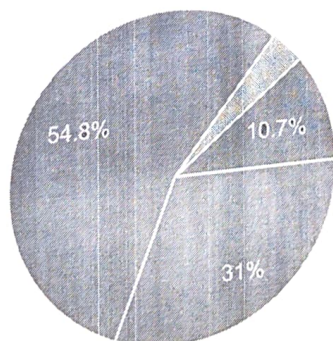

84 responses

- 4 – Strongly agree
- 3 – Agree
- 2 – Neutral
- 1 – Disagree
- 0 – Strongly disagree

21. The materials and facilities of library are

84 responses

- More than adequate
- Adequate
- Inadequate
- Very Poor

22. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

84 responses

Promote excursions, internships and personality development classes.

A good time spent here.

The students must be taken for more extra curricular activities, and also the authority of othe institution needs to be more efficient.

- 1.All the faculties are really good
- 2.They should do more field trips excursion to keep that interest on studies and relating things with outer environment rather than books.
3. Nothing more... Our departmental teachers were really good and helpful towards us every time .. and really gonna miss them.

Teach with a variety of strategies

- 1)Digital teaching is too good.
- 2)Environment inside classroom is perfect.
- 3)All teachers and staffs are helpfull

Questions: Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

Students Comments:

1.outdoor classes, 2.regular feedback 3.more nessesary books in library

Average

1) Conduct extra classes if syllabus is not complete. 2)Try to communicate with every students for discussing if they facing any problems 3) Conduct some time surprise test to check students ability.

Improve faculties

Teaching Faculty is very poor . They don't even have proper knowledge about the subject they are teaching . No technical knowledge, nothing at all. Only theory and something of names sake practical is don't. Teachers don't work hard for their students.

Sometimes teachers lack information about examinations or internal marking and then in the end time they force us

1. Interaction among the students and faculty members need to developed. 2.Systematic and sincere environment should have to create. 3.Digital classrooms, excursion trips, Well designed Practical Laboratory, Competitive skills except Text-book knowledge are need to introduce.

Teachers should be good enough that they can teach without a book. And create examples without the help of books.. and some of them can improve the level of teching

Need a good canteen in our campus and also have to stay sufficient books in library.Overall everything is great.Love to be Birjhorian.

i had a great experience though we got less time to spend in the classroom but we able to create bond between us. the teachers are very supportive and they always encourages us to do well in exam and other activities. i'm glad i studied here.

What I observed is that students have problem in preparing there notes by them self as students may missed some imp points which need to be included . 1/ College must provide some pre-made notes which covers each and every points of a topic. My Suggestions 1/ There should be class test twice a month so that students are always active and have some exam pressure and also have compitition among them to score good marks .

Make use of teaching tools in the classroom.

Seminars should be conduct more frequently.

Everything is fine.

All is well

Teacher must be solve the problems of previous question paper..

1.How to treat students matters. 2.You don't know every student's home life. 3.Explain procedure and expectations.

No word

Infrastrucure/Lab Equipments needs to be upgraded. Games and Sports should be given more attention. The notes should be given in printed or pdf format which would save time.

Excellent

Good

If students are trying, keep motivating them....

1) Laboratories should be well-equipped, 2) Coordination among various departments should be strengthened, 3) Punctuality among the students as well as the staff should be well-maintained.

Should focus on conceptual teaching

Teacher's should be up-to-date with modern technology and teaching resources. More interaction with students. Teach research prospects and future goals.

I have no suggestions

Teaching with more practical field-work, Extracurricular activities, Appointing maximum teaching staff in each department.

Find both weakness and strong qualities of a student, fieldworks should be done, Class tests should be conducted on a regular basis.

Need a good big canteen.

Promote excursions, internships and personality development classes.

Nice, some extra guide is necessary, Time shortages

1. It would be helpful if students are made aware about internship opportunities as many of us don't know about it. 2. Class tests can be taken regularly. 3. Providing interesting facts about the subject, for eg- for a zoology class interesting fact about some animal related to the course material can help the students learn better and stay interested.

1. One of our professor had helped me a lot before one of my exam, I wish all the professors turn like that. 2. I ask professors to be a little friendly with the students and inform them about different course outcomes and program outcomes. 3. Moreover, I ask to give examples relating to the topic taught while in classes.

No suggestions

1. try to reach every student and ask for their doubts. 2. use better graphics and visual media to engage students well. 3. make course expectations clear and based on learning outcomes. Consider doing the following- 1. Provide Internship 2. Encourage learning 3. More better equipments needed in lab

1) Conceptual learning can be better improved compared to exam focused preparation. 2)

Academic seminars, workshops, research work can be implemented to a much greater degree. 3) More teachers can be allotted for a particular department.

Encourage active and practical learning. Try to reach every student and ask for their doubts.

Make teaching a two way interaction.

Number of teachers in every department should be more.

Interaction with students. Teaching skills Should give more importance in co curricular activities

No

Clean toilet Digital classroom Marker board

Overall everything is nice i don't have any problems

Student exchange programs and internships, initiatives like mentorship program, and inter department bonding can be promoted from my point of view

Laboratory should be upgraded.

1) Digital teaching is too good. 2) Environment inside classroom is perfect. 3) All teachers and staffs are helpful

A good time spent here.

More communication and systematic teaching and learning should be given attention at moreover experimental studies and others relevant study procedures should be included so that we the students learn more life skills for the practical comparative market. No such suggestions

1) Some teachers need to stop giving mental harassment to students, 2) Students shouldn't be given too much assignment if the semester exams are near, 3) Teachers should try to be friendly with students.

1) Required informative books regarding the subjects are not available in the library. That must be corrected. 2) Labs are not good and clean at all. They are so messy and outdated that we could not learn much about experimental works. 3) Demonstrative classes by students are not conducted very often. Thus understanding process gets very slow.

1. All the faculties are really good 2. They should do more field trips excursion to keep that interest on studies and relating things with outer environment rather than books. 3. Nothing more... Our departmental teachers were really good and helpful towards us every time .. and really gonna miss them.

There isn't much things I feel I need to suggest as student I really had a Good time in this college n I feel grow as person too here for that a big Thank U 🙏

We were facing less numbers of teachers in our department. Please provide sufficient teachers in every department.

1. Employability skills should be encouraged and taught. 2. Information regarding internships and real world skills should be propagated. 3. Communication skills should be a part of the curriculum.

Change the HoD

Competitive exams

Practical skills should be improved

Very good and my knowledge must be improved

Good sound, good class and concept clear.

1. Projectors can be used in all the classes for better understandings. 2. Weekly

Assessments. 3. Class routine can be managed in a organised way.

Increase faculties

Understanding the weak points of the students Teaching in easy language and making the topic interesting and knowledgeable

1. New practical apparatus 2. Discuss class for students and 3. Showing practically and theoretically the explanation of our lessons

Very good for my side

1. Encourage active and practical learning. Make connections to real-world applications of the course material. 2. Provide for meaningful teacher-student interactions. 3. Make course expectations clear and based on learning outcomes.

There's a gap between the teachers and the students. The students are afraid of approaching to teachers concerning any problem. Also almost more than half of the syllabus is left out. We face a lot of problem un doing it all in our own. Also no information is given us about the competition and the entrance exams which we are going to face in our coming lives.

Library should facilitate more books, need more practical instruments, a ground is needed

Doing activities practically, field study.

Instead of making auditorium in 2nd floor if it is in Ground floor it would more effective

Teach with a variety of strategies

1. sir there is to improve

In this COVID-19 pandemic time everyone are not able properly to attend the classes, so i suggest to class notes are also have to share in there Departmental Groups like whatsapp group, google Classroom, etc..

Everything is good They have to improve laboratory

Practical equipments should be enhanced.

The students must be taken for more extra curricular activities, and also the authority of othe institution needs to be more efficient.

Overall our institute and faculties was good but it requires more materials and facilities of library as there are some shortage of book of various writer . That's all but I m grateful to be a part of this institute

1. Need a librarian who can share books online in pdf form through WhatsApp or website. 2.

Need a good big canteen, The current canteen's foods are unhealthy.

Library facilities, give extra importance towards practical work and field work to, laboratory facilities.

Overall everything is nice and i dont have any problems. Thank you

1) The teachings should be done more often in English language. 2) Students should also get teaching through projectors or other technical gadgets.

No need
